

PMGA Hole-In-One

Insurance Program

The PMGA has adopted a new program for HIO Insurance for 2012 and for the future. The basis for the new program came from a recommendation by a PMGA member. He borrowed the idea from a club that has implemented this with great success. Our motivations for this change are the many positive aspects of the program itself, the simplicity of the program's implementation, and the higher payout to the recipient. Following are the basic details of the program:

- No collection of cash or annual fee!
- All PMGA members are HIO members.
- HIO requirements remain the same as past years. (see attached doc)
- Every time there is a HIO, each PMGA member is charged \$4 to their member account. (For example, if there are 5 official HIO's in 2012, each member will pay \$20 for the year).
- Instant email notification to all PMGA members upon receipt of HIO information by the player.
- Instant \$600 bar tab opened on behalf of the HIO recipient. This tab will remain open until all funds are exhausted. This encourages the player to celebrate the achievement with any and all PMGA Members.
- HIO recipient receives $\frac{1}{4}$ of the money in cash and $\frac{1}{4}$ of the money in pro shop credit. Total benefits and cash to HIO recipient of can exceeds \$600 (depending on how many PMGA Members are billed).
- Player will receive a HIO plaque at the Year End PMGA Banquet.

The goal of any HIO program is to protect the player from an excessive bar tab, and to allow that player an opportunity to truly enjoy their great and rare accomplishment. This program epitomizes those goals and adds a reward in addition. This program will also increase the overall membership's exposure to the accomplishment instantly! Let's go make some aces!
